What is a High School?

When you think of a high school, what do you see?

This is the picture that comes to me:

A high school is people — teenagers and all.

It's assemblies and classes and a rush in the hall.

It's panic at grade cards: it's purple and gold.

It's thrills and excitement that never grow old.

Suspense fills the hallways, and rivalry's keen.

All yearn for a scholarship: who will be queen?

A high school means projects and clubs with their fun

And everyone working till all tasks are done.

Tense moments at ball games — Will we win or not?

That "Fightin' Bulldog" spirit means more than we
thought

What is a high school? What is its story?

We've told it here in all its glory!

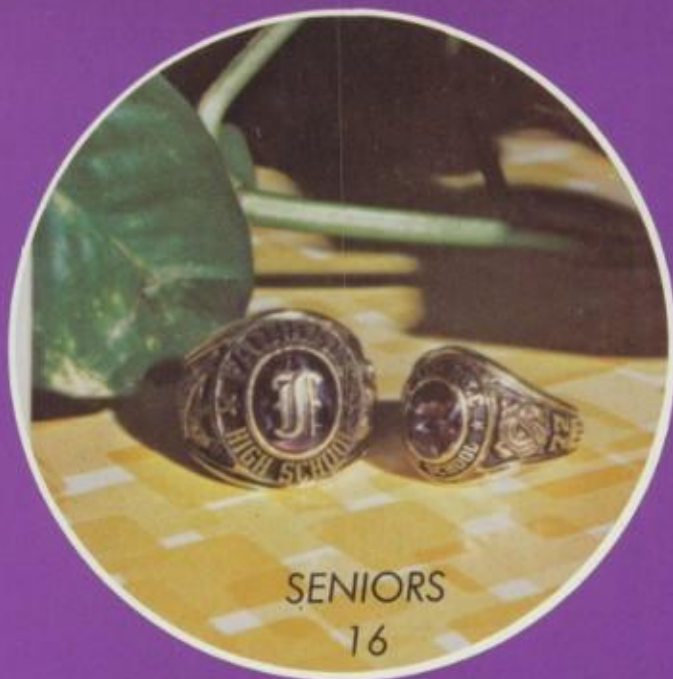

It is an honor to pay tribute to one who has become such a genuine part of Fairdale High School. Her interest in her students and her eagerness to help them have endeared her to all that have come under her influence. Because she means so much to so many, we the students of F.H.S. dedicate the 1972 BULLDOG to

The pathways through high school are memorable ones. We hope that through this book, we have portrayed a span of these pathways to the future upon which each of us travel.

Education is in itself a wide and heavily traveled pathway. There are many forks in this pathway - each leading to some goal set by those who are traveling upon it.

Just as some roads are unpaved, so are some pathways to success unpaved. There are many rough and threatening sections. However, if the goal is kept in view, all difficulties can be surmounted, and the pathway will have served its purpose of furnishing a means of guidance.

We are proud of our faculty who are the guideposts along our pathway through high school. Without them our trek would be futile.

With all these things in mind we present to you the 1972 BULLDOG.

CHANGES

"Not everything that is faced can be changed. But nothing can be changed until it is faced."

The seniors of 1972 worked hard for this change. It was their first act as becoming seniors, receiving their rings. As you can tell by the pictures there wasn't a ceremony, but the fact they received them in June more than made up for it.

... Within

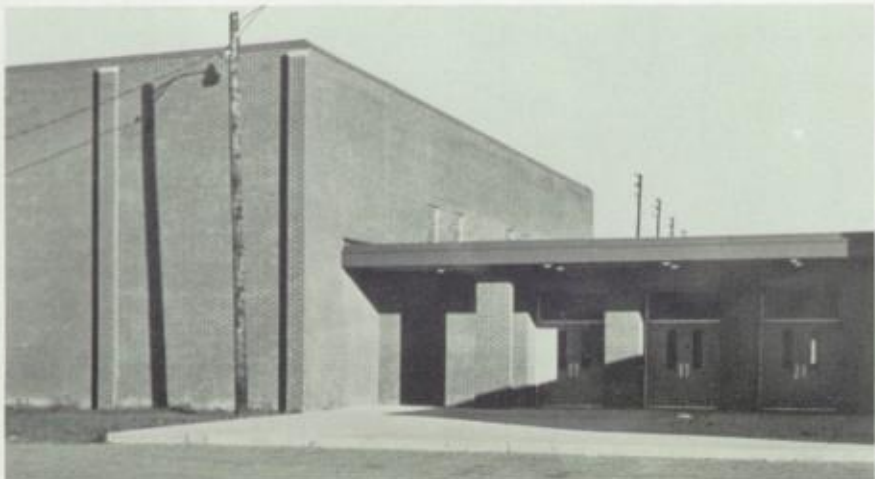

The change in dress code is simple ... there is none!

the school

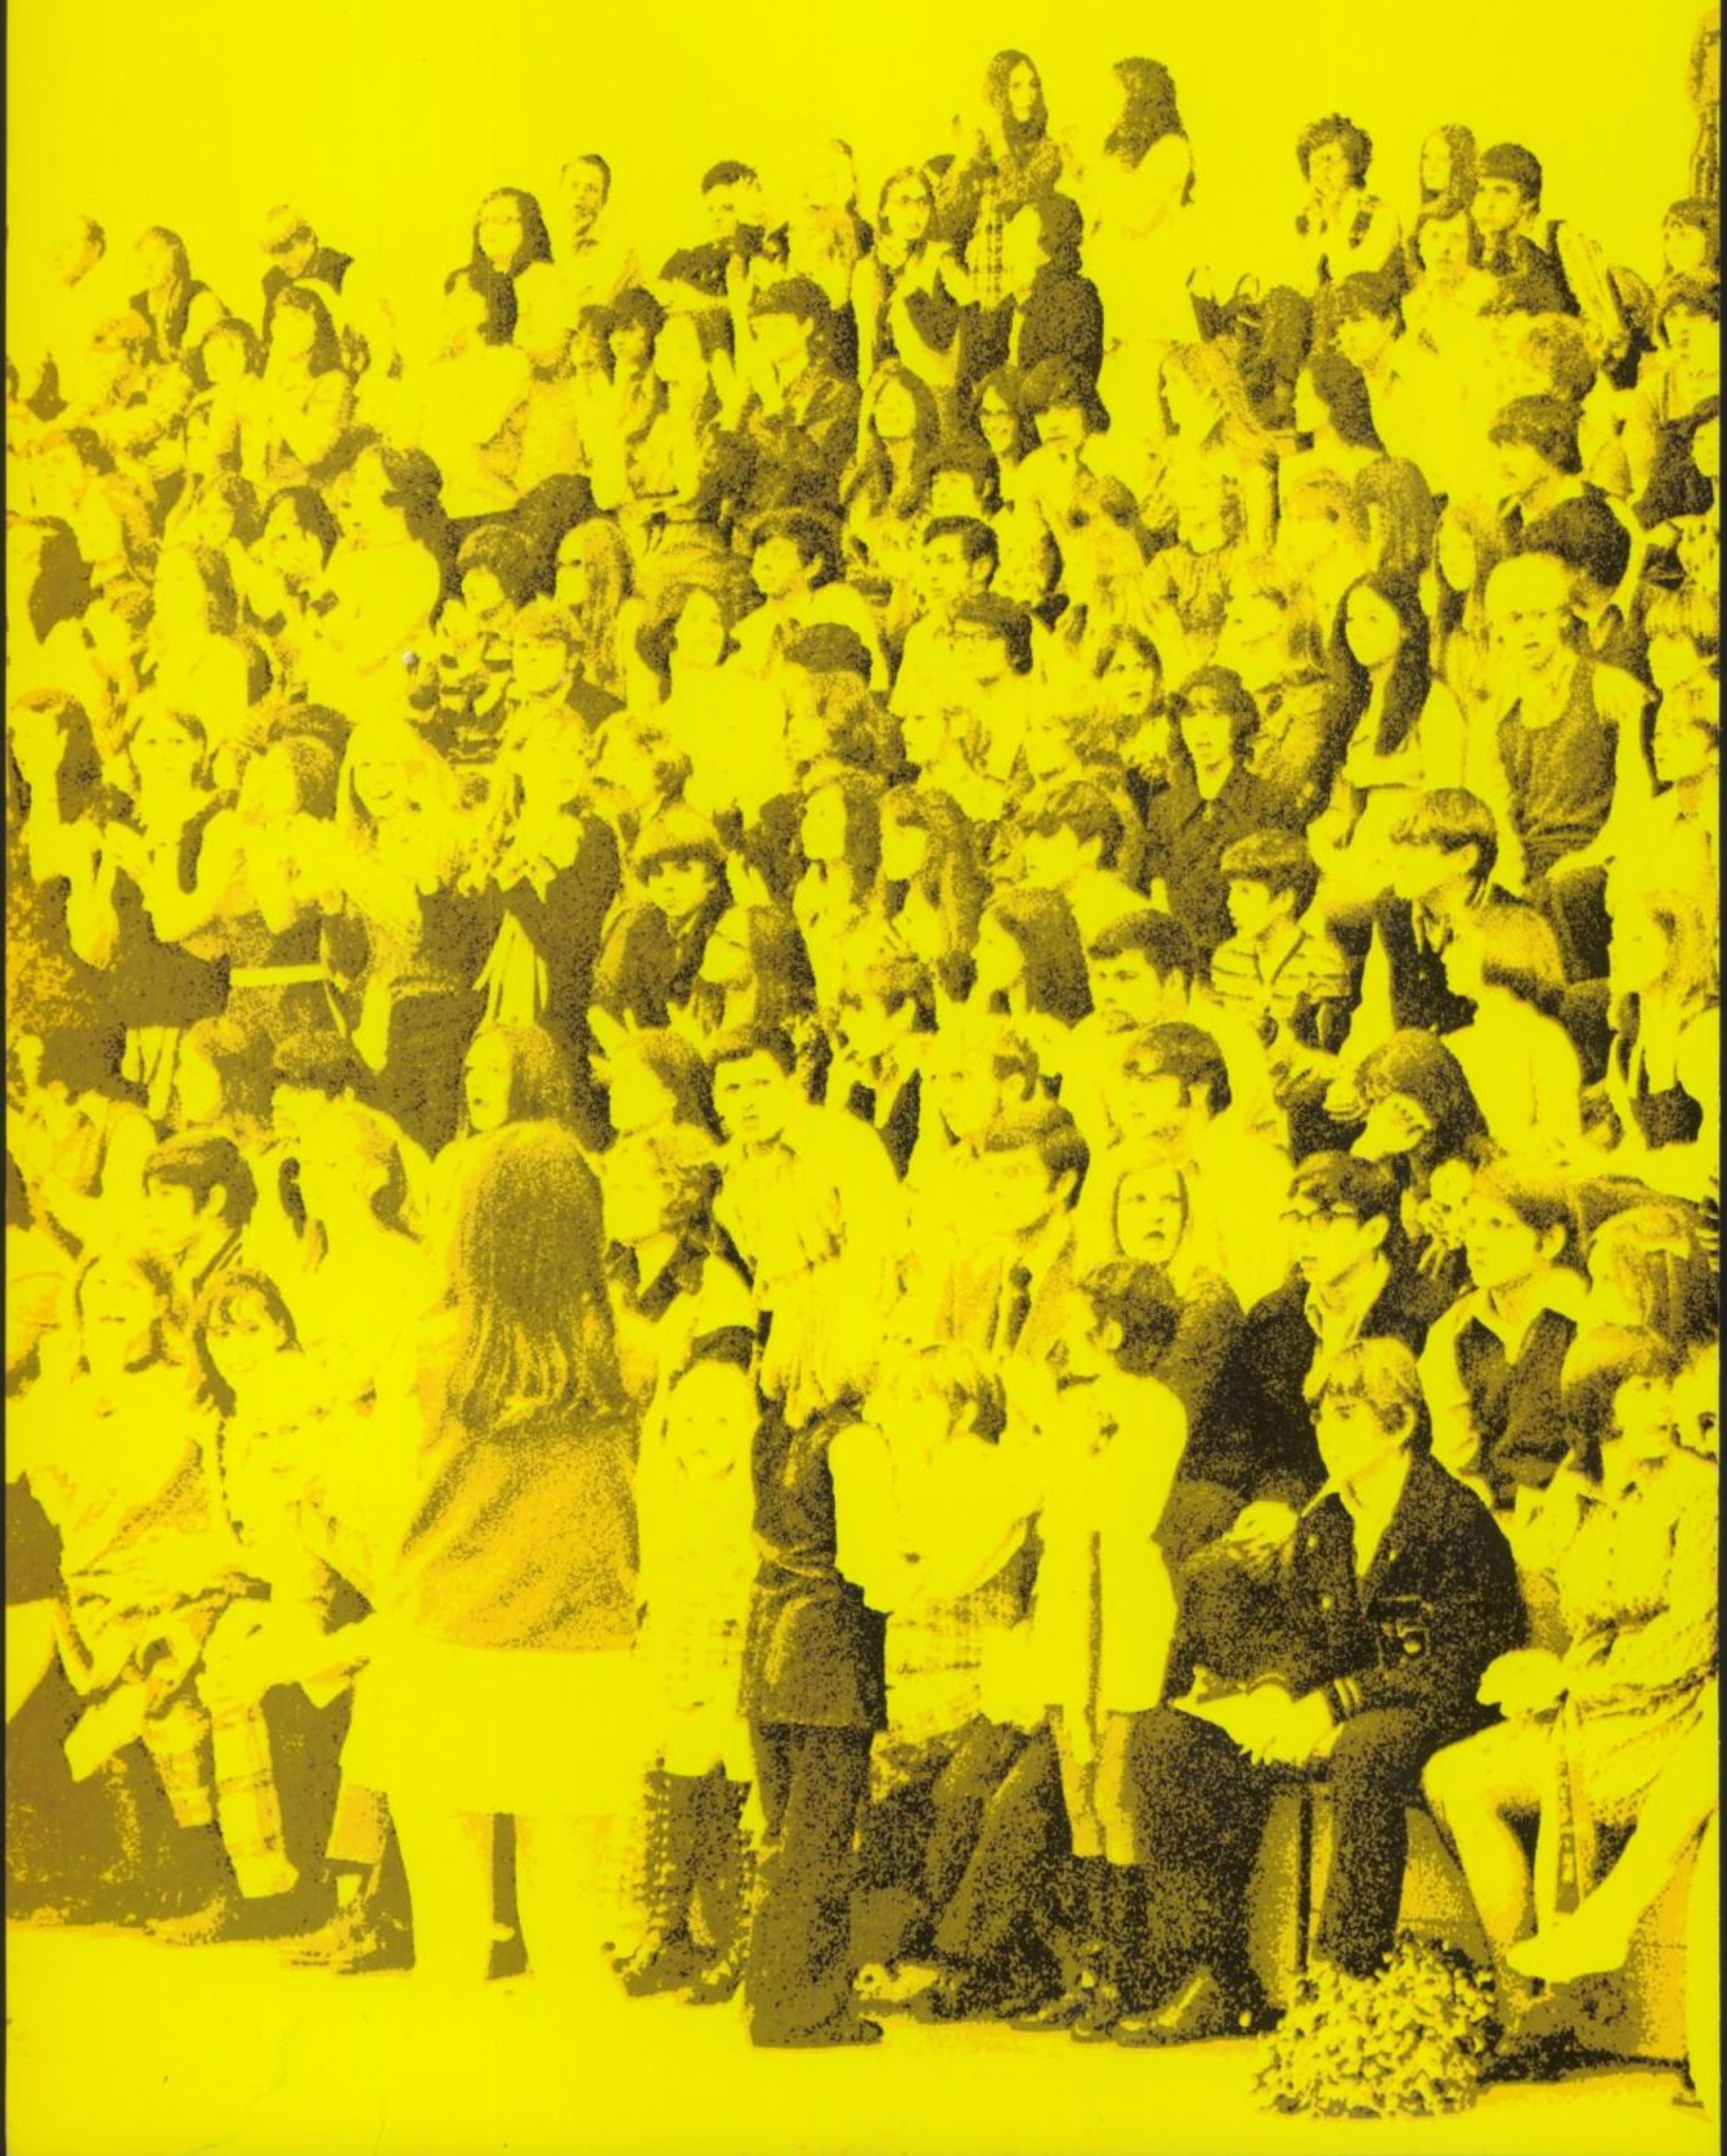

See any change?

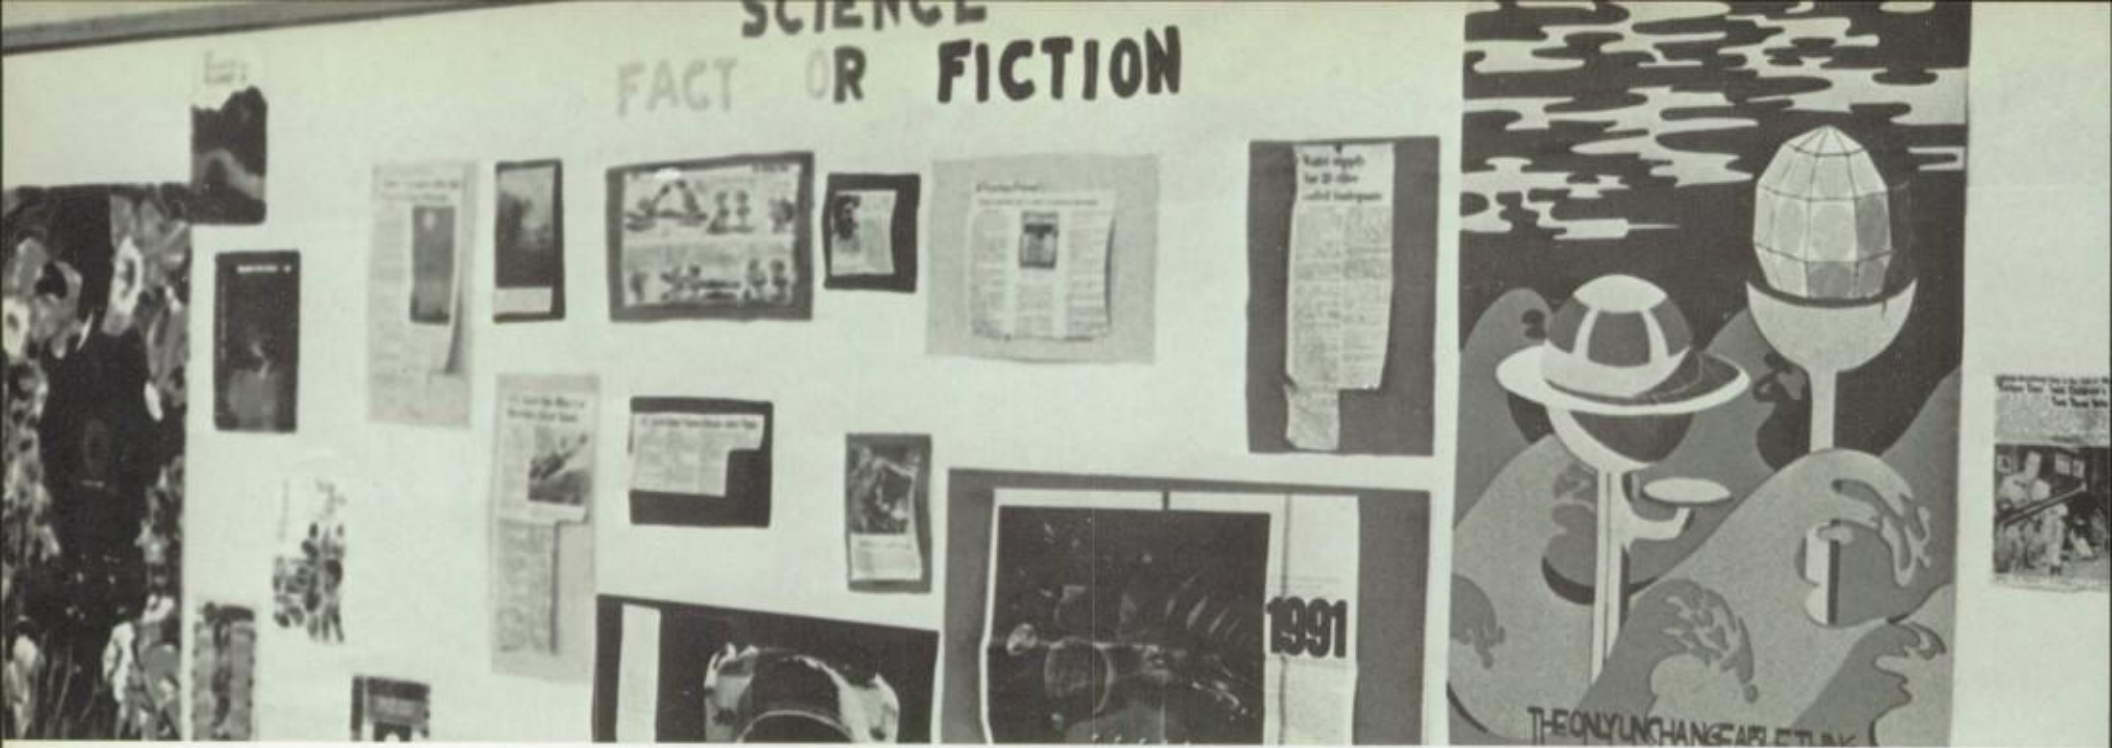

At the beginning of the 71-72 school year, student drivers were issued parking permits and assigned parking spaces. What a change!

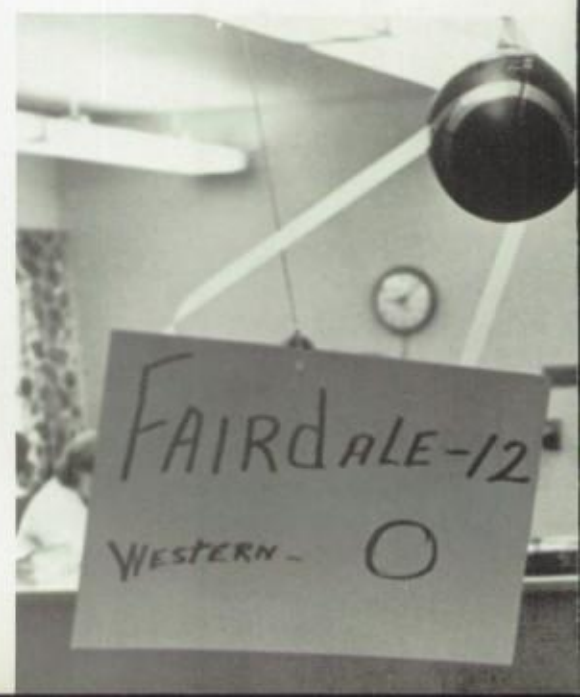

Changing Faces Support the Bulldogs . . .

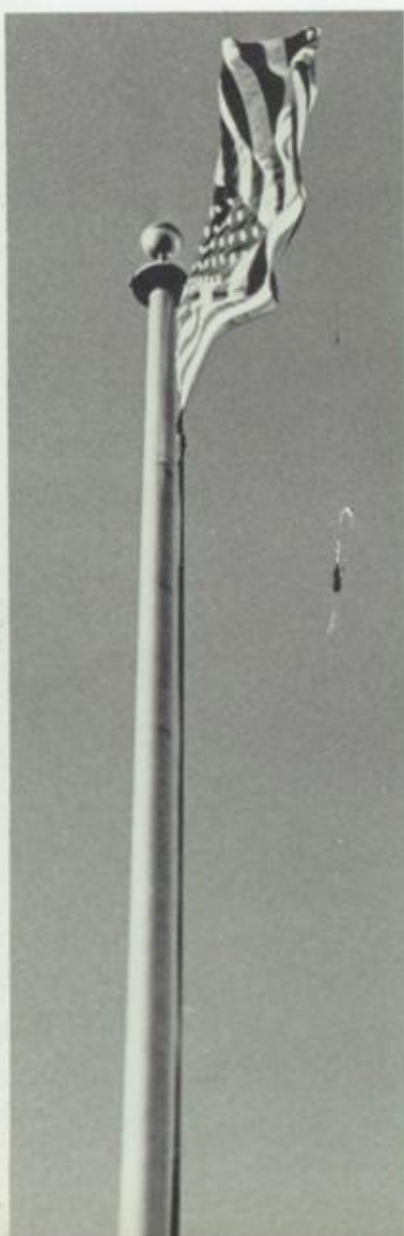

A big change is in education itself. The Seniors no longer take English IV. They are offered a wide range of substitutes, among them science fiction, mythology, mass media and other such subjects.

The Junior-Senior Prom of 1971 was quite a change. It took place in a school lobby, which is very different from a hotel ballroom. The hard-working prom committee converted the high school atmosphere into that of a formal dance.

Is this our hard-working prom committee???

We even have a change in administration. Our new boy's counselor, Mr. Otis Reed.

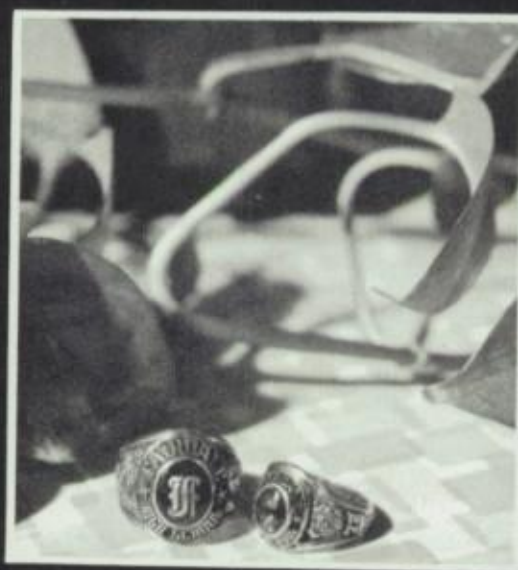

Even the uniforms of Fairdale have changed a bit.

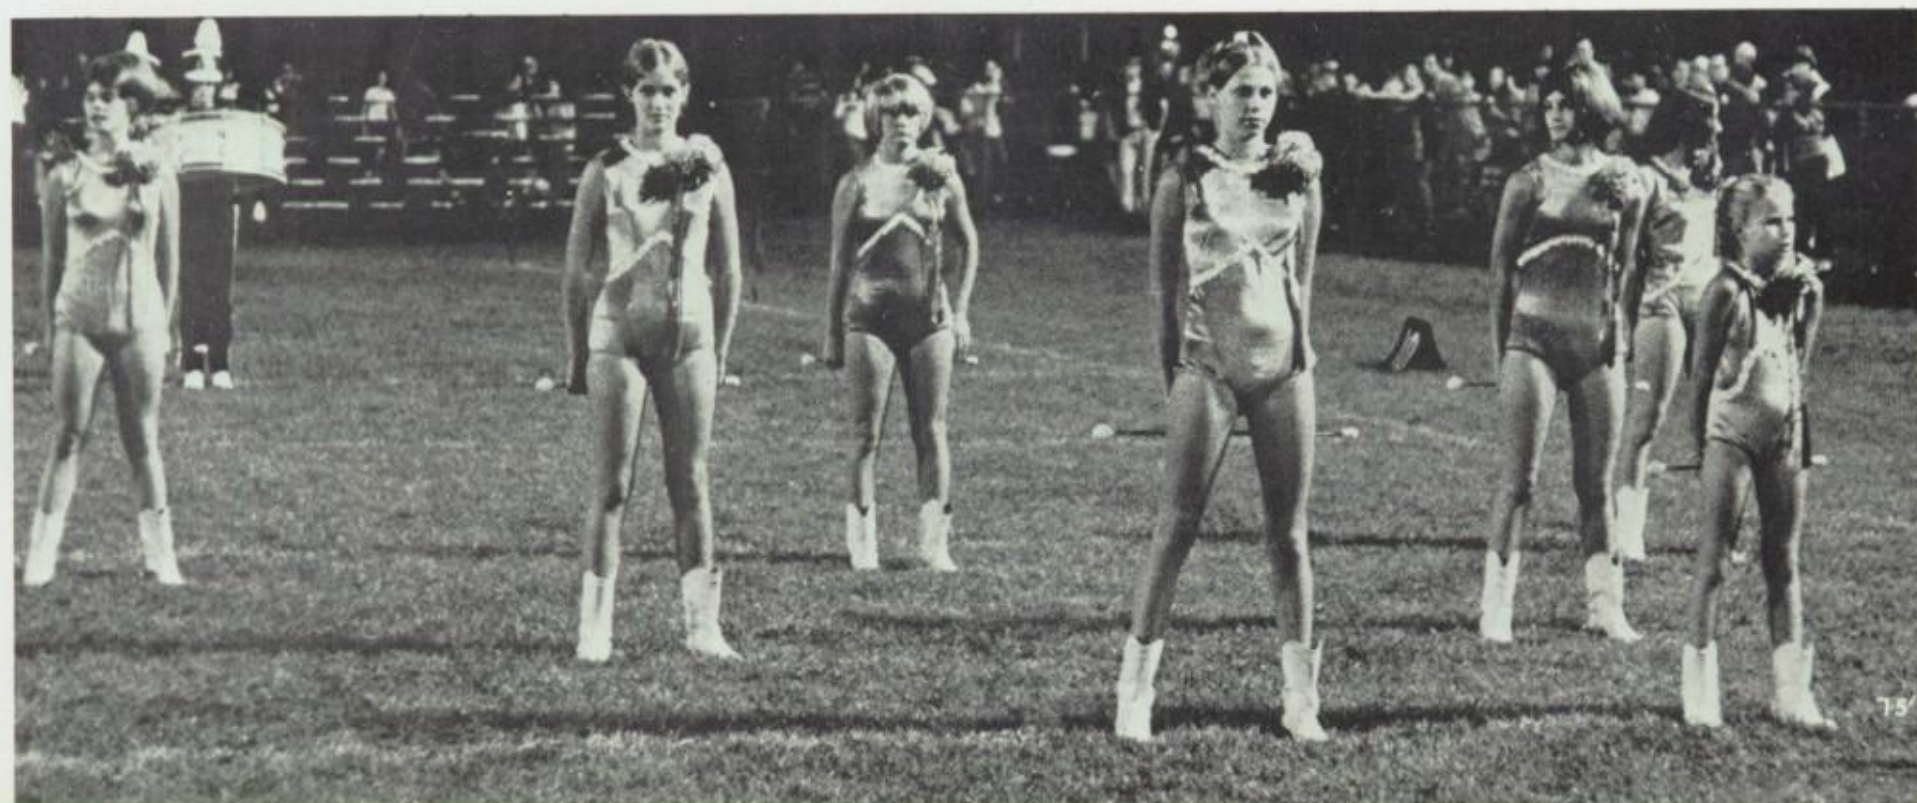

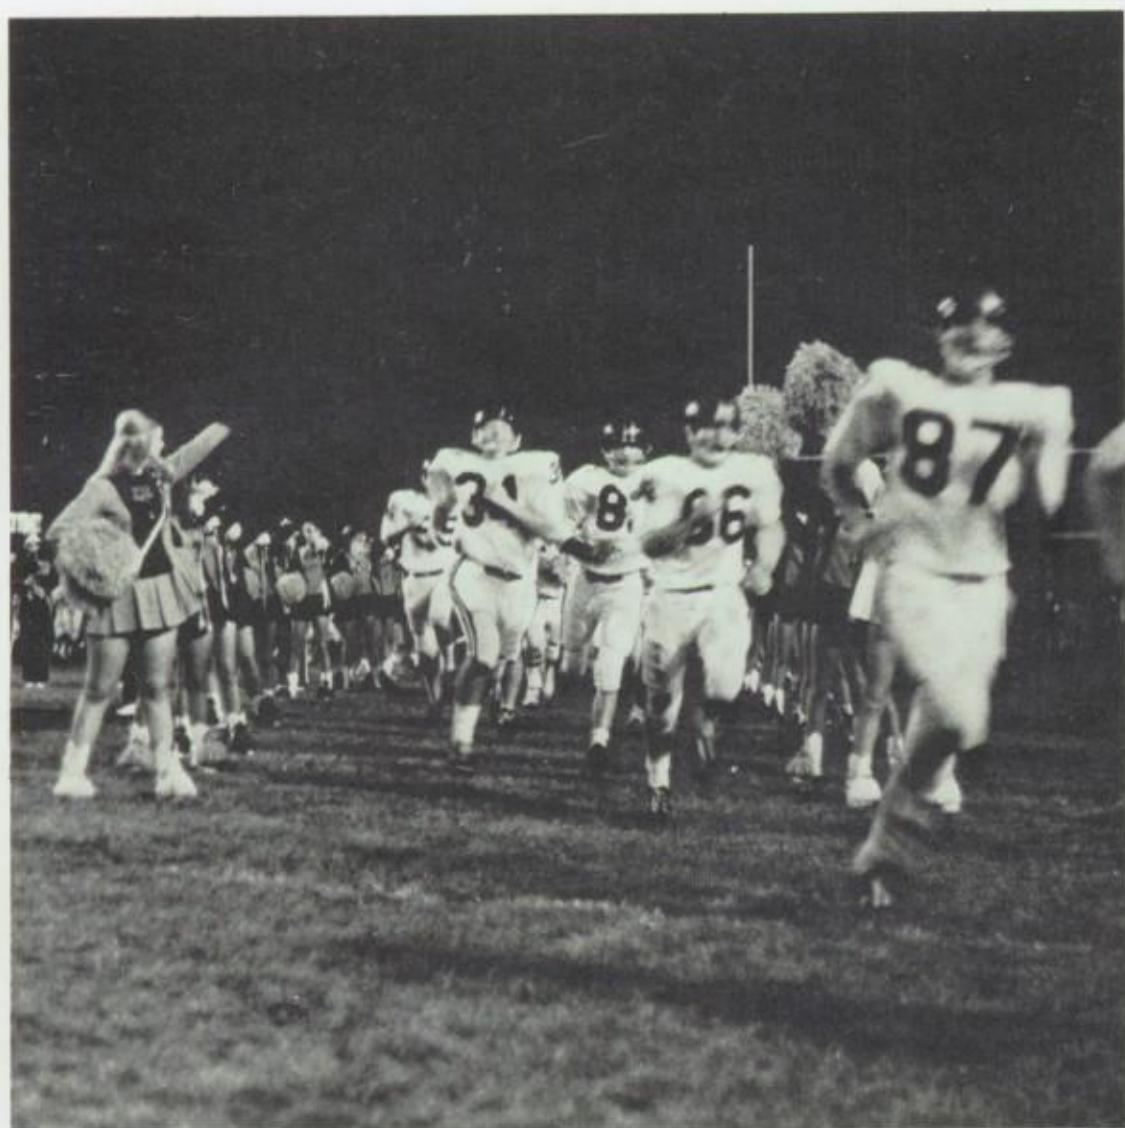

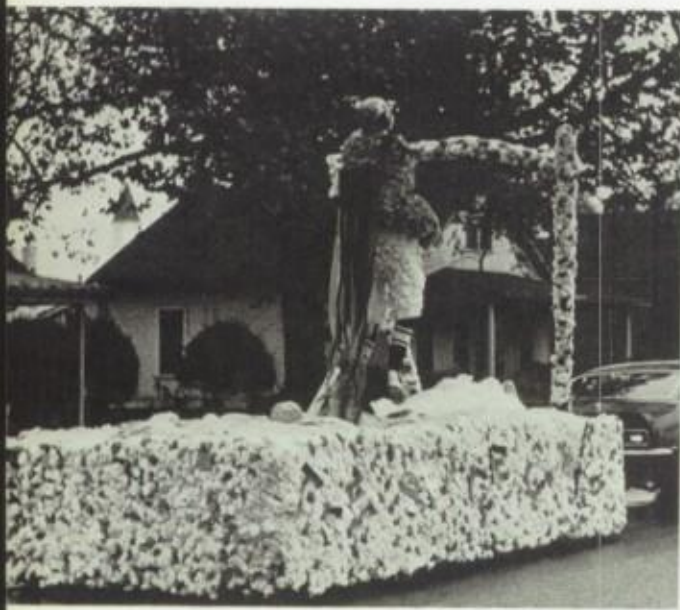

This, too, is another change the seniors of 1972 worked to bring about. This was especially hard because they not only needed the approval of the administration, but also \$75.

A good leader is doing his job when half the people are following him and half are chasing him.

Human beings are not perfectible. They are improvable.

Progressive education should mean the kind that advances from misdemeanor to punishment.

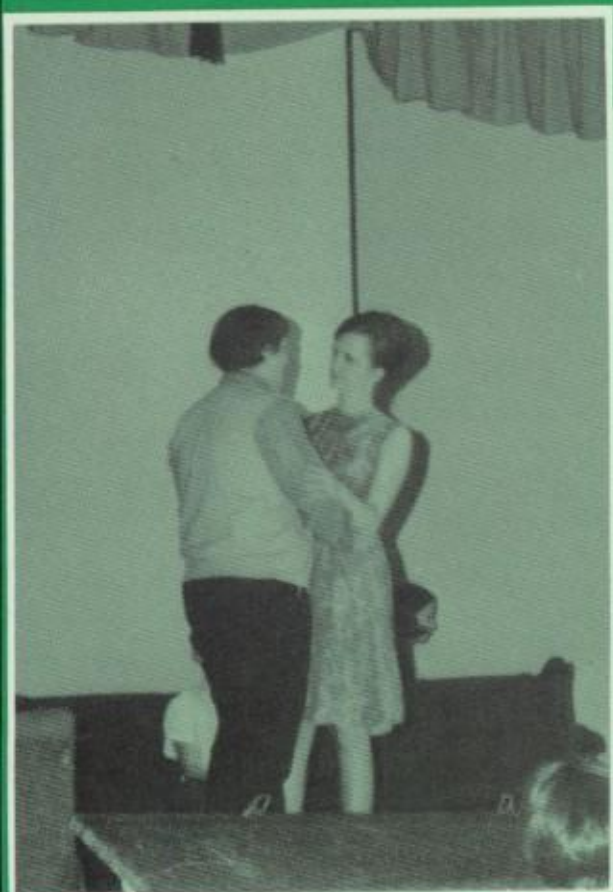

You can discuss sex just about anywhere these days - except in the Help Wanted columns.

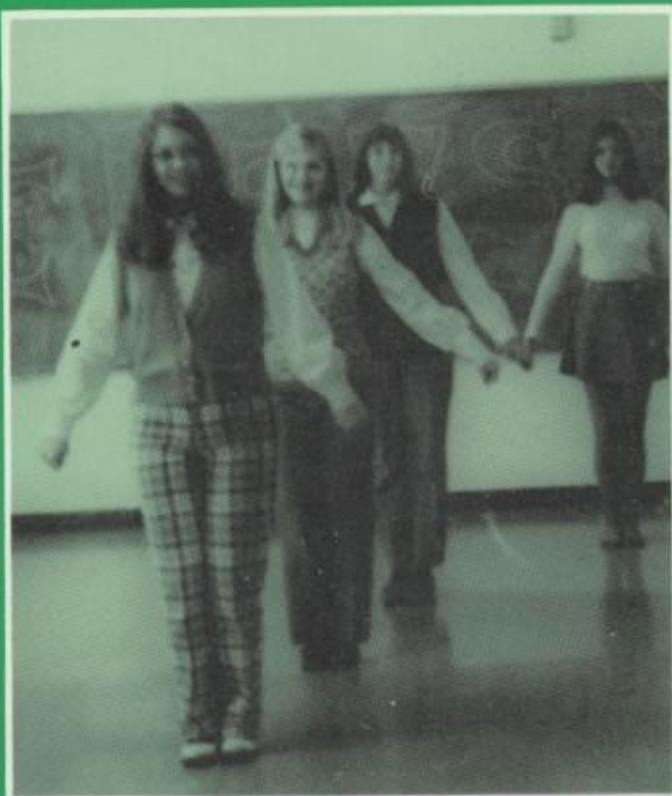

The devil does a nice business for such a lousy location.

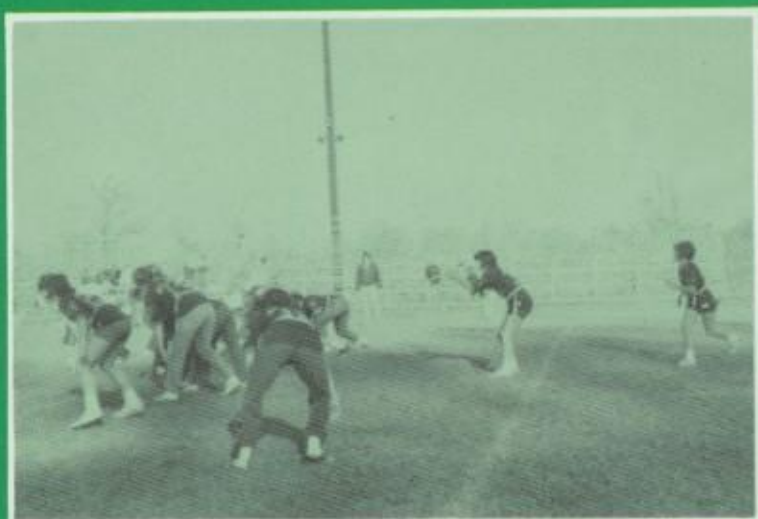

Since teen-agers are too old to do the things kids do and not old enough to do things adults do, they do things nobody else does.

An ounce of "keep your mouth shut" beats a ton of explanation.

Discipline is the refining fire by which talent becomes ability.

The only fellow who never steps on anybody else's toes is standing still.

The last thing one knows is what to put first.

Those people who have no trouble separating the men from the boys are called women.

FACULTY
AND
ADMINISTRATION

Senior High Faculty and Administration

Principal: Harry K. Hardin

Assistant Principal: Charles Summers

Seniors:

May I offer my thanks for your yearbook. As we think back over your years at Fairdale High School, I'm sure that you can remember the good and bad times that we have encountered. I will always remember the good rather than the bad. I hope that we have contributed in some small way to making you a better individual. What you do and what you have contributed to Fairdale High School will always be a fond memory for you as well as all who have associated with you. We wish each of you the best, and always remember that honesty, integrity, and hard work will always lead to success.

Sincerely,

Harry K. Hardin

Board of Education

TAXES MAKE OUR SCHOOLS GO

and

G R O W

We Pay Our Fair Share . . .

Our schools are supported by tax money. If it were not for taxpaying enterprises, there would be no taxes from business to finance our schools. The burden of taxes would be too great for individuals alone. Our Company is proud to pay taxes to support our schools. We want the best teachers and educated leaders we can get. Louisville and Kentucky and America need them. LG&E pays its fair share because it is an investor-owned, full-taxpaying, unsubsidized gas and electric utility. Last year, LG&E paid over \$22.2 million in taxes to Federal, State and local governments and to school districts. LG&E paid \$1,148,320 to Louisville and Jefferson County schools and \$160,846 to 23 other school districts. Taxes, indeed, make our schools go and grow!
